

HENRY'S FORK FOUNDATION 40TH ANNIVERSARY

CELEBRATION OF WORK

WEDNESDAYS FROM 3-4 PM | JUNE 5 - AUGUST 7

Join us for this special 40th Anniversary Edition of HFF's Summer Seminar Series. Ten weeks of moderated discussions with current and former HFF staff, Board, and interns, plus outside experts in entomology, water management, climate, and more! Locations vary between Island Park and Ashton. Moderated by Dr. Rob Van Kirk.

ISLAND PARK: EMS BUILDING

- JUNE 5** Fish need water: The core of HFF's work for 40 years
**Membership Meeting*
- JUNE 12** 40 years as *Voice of the River*
- JULY 17** Improving water quality now and into the future
- JULY 24** Hatches: The fishing experience and the science
- JULY 31** Adapting to a warmer climate with less streamflow: What has changed and what can we do?

ASHTON: HFF CAMPUS

- JUNE 19** Science-based collaboration
- JUNE 26** Conservation through partnerships
- JULY 3** Water rights and administration: Fish don't care what the lawyers say, but they do care what the watermaster says
- JULY 10** Why the South Fork Initiative?
- AUG 7** The HFF Intern Program: Past, present and future
